(http://ec.europa.eu/food/food/chemicalsafety/foodcontact/legisl_list_en.htm)

1. The declaration of compliance corresponds to the following material:
(trade name and type of product, please attach picture of the product)

700 ml shaker bottle

2. Intended use of the product:
(please describe if use is limited in any way)
n/a

3. Composition of the product:
(including identity of semi-finished products, please attach documentation)

MOL PP R359, MOL PP H145F, MOL PP K395A, EXXON HDPE HMA-025, Master bach PE 28H004L

4. Shelf life of the product from production date:

n/a

5. The material belongs to the following categories of materials (listed in Annex I of Regulation (EC) No. 1935/2004):

☐ Active and intelligent materials and articles

☒ Plastics, please specify type: **PP, HDPE**

☐ Adhesives

☐ Printing inks

☐ Ceramics

☐ Regenerated cellulose

☐ Cork

☐ Silicones

☐ Rubbers

☐ Textiles

☐ Glass

☐ Varnishes and coatings

☐ Ion-exchange resins

☐ Waxes

☐ Metals and alloys

☐ Wood

☐ Paper and board

☐ Other, please specify:

6. The material has been produced according to Commission Regulation (EC) 2023/2006.

This includes that the total migration limit of 10 mg/dm² or 60 mg/kg and relevant specific migration limits laid down in Regulation (EC) 10/2011 are not exceeded if the material is used under normal and predictable conditions.

7. Please fill in the questionnaire below.

a.	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	We confirm that the local authorities approved/authorized our company. Please attach relevant documentation.
b.	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	Our company is certified according to an international standard. Please attach relevant certificate.
c.	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	A total migration test has been carried out according to the guidelines laid down in Directive 82/711/EC with amendments and Regulation (EC) 10/2011. Simulant: Temperature: Test time: Please attach the migration test report.

d.	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<p>The material contains additives for which specific migration limits are set in Regulation (EC) 10/2011.</p> <p>Please mention CAS no. of the additives:</p> <p><input type="checkbox"/> A theoretical assessment (worst case calculation) has been performed in order to ascertain that the additives meet the specific migration limits (Regulation (EC) 10/2011).</p> <p><input type="checkbox"/> A specific migration test has been carried out in order to ascertain that the specific migration limits are met (test conditions as for the total migration test). Please attach the migration test report.</p>
e.	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<p>The material contains additives not covered by the positive list given in Regulation (EC) 10/2011. These additives are however, assessed by EFSA: http://www.efsa.europa.eu/en/publications/efsajournal.htm</p> <p>Please attach documentation and mention CAS no. of the additive.</p>
f.	<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No	<p>The material contains additives not covered by the positive list given in Regulation (EC) 10/2011 and not assessed by EFSA. Authorities in other countries assess the additives with requirements corresponding to EFSA's. Examples could be FDA or BfR.</p> <p>Please attach documentation including legislation with reference to the relevant §§ and CAS no. of the additive.</p>
g.	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	<p>The material contains dual use additives (E-numbers).</p> <p>Please mention which dual use additives that have been used and in which quantities:</p> <p>Please attach documentation for the migration of the dual use additives.</p>
h.	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	<p>The material contains PVC.</p>
j.	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	<p>The material contains recycled materials.</p> <p>Please specify type of materials:</p> <p>In case of plastics, indicate the authorization number of the recycling process mentioned in the community register of recycling processes (Regulation (EC) 282/2008):</p>

k.	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	<p>The material contains active and/or intelligent material.</p> <p>Please specify substance used:</p> <p>Please attach relevant documentation regarding active and/or intelligent materials (amount, conditions of use etc.)</p>
l.	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	<p>The material contains fluorinated substances.</p> <p>Please attach relevant documentation regarding level/absence of fluorinated substances. The level must be specified as microgram fluorine per square decimeter paper. (MANDATORY for products like cookie sheets, food paper and fast food packaging)</p>
m.	<input type="checkbox"/> Yes	<input checked="" type="checkbox"/> No	<p>We have full traceability on the materials according to article 17 in regulation 1935/2004</p>

8. This certificate of conformance applies to all future deliveries and is updated by

- changes in legislation
- new scientific data that affects the intended use of the material or
- changes in composition of material

9. We commit ourselves to give information about changes in the material, parameters, intended use, legislation etc.
