

1/06/2022 The Motor Vehicle Information Scheme (MVIS) was introduced.

See info via below link:-

https://www.accc.gov.au/focus-areas/motor-vehicle-information-scheme-mvis

Unfortunately, this scheme does not apply to 2 or 3 wheeled vehicles, farm, construction or heavy vehicles, motor homes or buses, marine or any powersport industry systems.

The Australian Automotive Service and Repair Authority (AASRA) is a joint industry-led body. It has been <u>appointed by the Government</u> as the Scheme Adviser.

You may wish to contact ACCC or AASRA regarding any future plans to implement this scheme for Motorcycles, Marine and other powersports systems.

Find more information about their role at the AASRA website (link is external).

Motorcycle manufacturer Portals List.

This list is purely for information purposes. Texa or Moto-Tech Diagnostics have no means of assisting you with any questions you may have about accessing these portals.

If you have any other links to add to this list, please let us know.

Some are not available to AU subscribers.
