## **Release Instructions**

- Shipped in packs of blisters with parasitised whitefly scales in bran.
- Remove the sheet of blister packs and separate along the perforations.
- Open the flap at the back of the blister.
- Remove the white card disc and hang on the plant.
  Hang in the shade out of direct sunlight.

**Storage:** Store at 5-10°C. Use immediately or within 48 hours of receipt.

Strategic Considerations: Keep out of direct sunlight.
