

WARNING!!!

- All Racing Sport Concepts products should only be installed by certified mechanics (automotive technicians). Only competent and experienced mechanics are qualified to spot technical problems with your vehicle or with the product. Failure to have the product installed by a professional certified mechanic may result in part failure or any number of unintended consequences.
- All Racing Sport Concepts products should be tested in a safe environment after installation to ensure proper installation and functionality of the product.
- This product is not intended for off-road use.
- The buyer is solely responsible for the product they choose and to the suitability of the product for the intended application.
- These installation instructions are intended to be used by certified mechanics only. Racing Sport Concepts does not recommend installation by anyone who is not a certified and well-experienced automotive technician/mechanic.
- Installation of these parts is an agreement not to hold Racing Sport Concepts, as a company, or any of its employees, liable for any circumstances or costs that may arise from using any of these parts.
- Racing Sport Concepts recommends inspecting your products on an annual basis to ensure that no issues are developing and ensure that the product is performing as expected
