

Bow Chair

Named after its arching slender backrest, the Bow Chair was designed to accentuate the material and crafting of solid timber. Each transition of the Bow Chair highlights the elegant, natural grain of shaped timber.

DESIGNED BY

Tom Fereday

MATERIAL

FSC certified solid timber.

WEIGHT

4kg

WARRANTY

5 year warranty based on observance of product maintenance procedures. Excludes fair wear and tear, improper use or vandalism.

STANDARD TIMBERS

Ash

Black Stain
Ash

Walnut

OPTIONS

Fixed seat pad option available.

DIMENSIONS

610 W x 528 D x 750 H mm

Seat height 450 H mm

Armrest height 630 H mm

CARE & MAINTENANCE

Leather

It is recommended to lightly wipe leather with a clean soft cloth on a weekly basis to prevent dirt and dust build up.

For longevity, avoid direct sunlight as prolonged UV exposure may change the colour of your leather. Do not place leather items close to heaters.

It is best to not place leather items in very hot/dry rooms as it will lose its moisture.

For any difficult stains it is recommended that they are removed by professional cleaners and that an annual conditioning is done. If a professional cleaner is not available at short notice treat the stain with a diluted leather cleaning soap (please contact us for recommendations before using anything) and make sure to wipe a larger area to prevent any patchiness.

Water based stains or light spills should be treated as soon as possible by gently dabbing with a dry cloth. Avoid rubbing the surface or using chemical cleaners or scrubs. Allow the leather to dry out of direct sunlight completely before use.

Please follow any specific instructions provided with your item as it may vary depending on your leather.

Timber

To clean, begin with a gentle wipe with a soft microfiber cloth going in the direction of the grain to remove any hard grains or dirt that may scratch the surface. Wipe with a damp soft cloth using warm soapy water and mild detergent or with furniture appropriate cleaner ensuring to wipe in the direction of the grain.

Always test any new detergent or cleaner on underside or non visible area first a day before to see if there are any adverse effects. Always ensure to completely dry any detergent or cleaner. Avoid steam cleaning, abrasive cleansers, steel brushes/wools and cleaners containing chlorine. Do not allow dirt to accumulate or liquids to dry out and harden. Never use strong solvents to clean surfaces.

For solid timber, light scuff marks or scratches can be repaired using a wipe on polyxoil. Contact DesignByThem for further information.
