What Makes Us Different?

At Love Writing Co. we are proud to say that we are here to support classroom learning by creating products that encourage children to learn to write.

Our Design

- Perfectly designed for little hands
- Award-winning resources developed by educational experts
- Made with premium responsibly sourced materials helping us care for the planet

Loved by Teachers & Parents

- Developed to inspire a love of writing from the very beginning
 - Loved by children, supporting home learning
- A helping hand to support teachers in the classroom

Working Together

- Our products are designed to apply less pressure and less strain on a child's hands
 - Help make a child's learning to write journey quicker, easier and fun
- Designed to help children improve literacy and help them fall in love with writing from the start

Loved by Educators and Parents

"I purchased the pencils and books for my son during lockdown and saw what a difference they made in his handwriting within days, he had a better grip from the first use and loves the fun books. I have introduced the pencils into my nursery and all the staff have said the children have improved writing within weeks - so happy with the resources."

- S Morgan

"Been using Love Writing Co. pencils with my year 1 class after noticing how much a pupils handwriting had improved in a short time. My class love using their 'special pencils' and I am impressed with the results so far."

- R Sewall
