The Pillar Booth
Specifications

The Pillar Booth

An oasis. The Pillar Booth is an individual workspace designed to add privacy to bustling environments without sacrificing comfort. With an adjustable sit/stand desk, The Pillar Booth provides a quiet, comfortable space for calls, meetings, and heads down focus.

Suitable for any type of floor plan, Pillar Booths are used in offices, universities, libraries, apartment buildings, warehouses, and beyond. Made in the USA with incredible attention to detail, audio engineering, and comfort, it is no surprise that Pillar Booth is the fastest growing phone booth brand.

Pillar Booths are designed to be the industry-leader in sustainability, comfort, and durability.

Sustainable

Sustainably designed with eco-friendly wood, removable acoustic panels and an occupancy sensor to conserve energy.

Quick Assembly

The assembly of each Pillar Booth is minimal and takes less than an hour with two people using only an allen wrench.

High Quality Materials

Made in the USA with a durable steel frame, shatterproof door, and UL listed lighting and electrical components.

Code + Compliance

Pillar Booths align with building and local regulations without expensive modifications.

Total Cost Of Ownership

Pillar Booths are built to last and offer features that allow the booth to adapt to any space without additional expense.

Made In America

Assembled in Chicago, Pillar Booth works with local suppliers for access to specialty parts, sustainable materials, and related processes.

Standard features

01 Active Ventilation
Four fans work together to refresh the air in the booth once per minute, providing significantly better ventilation than other privacy booths.

02 LED Lighting
Motion activated LED lights help to conserve energy and create a well-lit environment for video conferencing and focused work.

03 Removable Acoustic Panels
Removable and cleanable acoustic panels maximize sound absorption and acoustic performance.

04 Power + Connectivity
USB A+C ports, outlets and an ethernet port ensure you can connect all your devices at one time.

05 Height Adjustable Desk
The desk can be set at three different heights, making it easy to work from a chair, a stool, or while standing.

06 Fire Suppression
Simply unscrew the sprinkler cap to install the sprinkler piping through a pre-drilled hole in the ceiling.

07 Seismic Anchors
Anchor your booth to the floor with Pillar Booth's standard glides which can easily be bolted to the ground.

08 Magnetic Door Seal
The thick acrylic door with a tight seal keeps your conversation in and exterior noise out.

Custom features

Casters
Lockable casters provide an easy way to move booths around your office or facility, maximizing flexibility as your privacy needs evolve.

AV Kit
Seamlessly integrate a monitor or CPU into your booth for video conferencing.

Custom Colors + Finishes
Add door graphics + choose your acoustic panel fabric colors, external wood, and more.
