

Business Card Artwork Template

Bleed Area: 96mm x 61mm

Extend your background to fill the full 'bleed area'
- it'll make sure you don't end up with white edges
when your Business Card is trimmed.

Trim: 90mm x 55mm

This is where we cut your Business Card.

Safe Area: 86mm x 51mm

Keep all the important bits of your design -
text, logo, icons inside this area.

* Not your background that still
needs to run to the edges of the bleed.

DO

- Edit and save your file in CMYK.
- Delete the artwork guideline group layer
before saving.

DON'T

- Flatten your layers or image before saving.
It'll reduce your print quality.
- Add additional bleed or print/crop marks to your
files. Just say your file to the size of this template.
