# Desktop Calendar – 210mm x 99mm Artwork Template

**Bleed Area: 216mm x 105mm**
Extend your background to fill the full 'bleed area' – it'll make sure you don't end up with white edges when your DL artwork is trimmed.

**Trim: 210mm x 99mm**
This is where we cut your DL artwork.

**Safe Area: 206mm x 95mm**
Keep all the important bits of your design – text, logo, icons inside this area.

\* Not your background that still needs to run to the edges of the bleed.

**DO**
- Edit and save your file in CMYK.

- Delete the artwork guideline group layer before saving.

**DON'T**
- Flatten your layers or image before saving. It'll reduce your print quality.

- Add additional bleed or print/crop marks to your files. Just say your file to the size of this template.
