Size	M (Waist Size Up to 91cm / 36 inch) L (Waist Size Up to 109cm / 43 inch) XL (Waist Size Up to 127cm / 50 inch)
Material	Breathable Cotton Fabric with Adjustable Safety Buckle

It can be used

1) For transfer

- For moving a person from one place to another, such as from a bed to a chair
- For bed sitting/standing posture transfer

2) To help hold up a weak person while they walk

- Fixation on the thigh increases the security and stability during transfer
- Belts are easy to grip with security and control
- Back support and assistance without interfering with patient's body movements in case of:
 - For bed sitting / standing posture transfer, wheelchair to bed transfer
 - Bed to bed transfer
 - Parallel bar walking
 - Independent walking with mobility aids/support of a therapist
- Restoring normal gait to the patient, without fear of fall
- Prevents low back pain in patients as well as a therapist (from physical strain)
