

Model: 50/2021

General Use	Home Furniture
Feature	Foldable, Cooling, Removable
Type	Foam
Name	Gel Mattress Topper
Material	Foam, Gel, Polyester
Function	Cooling, Comfortable
Colour	Blue
Thickness	1.5cm

Cooling

Absorbs Body Heat then Radiates Heat Into the Air

Air Channels Increase Surface Area Which Aids In Thermoregulation

Silent

No fans, water pumps, or crinkly fabric to make any noise which aids in achieving a restful night of sleep for even the lightest of sleepers

Spot Clean

Place this cooling gel pad under your fitted sheet to prevent it from shifting and to reduce the need for spot cleanings. Wipe with a wet rag when needed.

- **Cooler body temperature while you sleep**

The gel will absorb your body heat and radiate the heat out.

- **Great for light sleepers**

It does not use electricity and is silent. Great for light sleepers and those who like a quiet room and are even bothered by the quietest air conditioners.

- **Enjoy your memory foam without the heat**

Adding a cooling gel to memory foam. Enjoy your memory foam mattress by using this cooling gel mattress topper without sacrificing the comfort of the mattress!

- **Great for a single bed / hot camping days**

- **For best results, combine with a cooling bedroom system**

Combine this cooling mattress pad with cooling sheets, air conditioning, and a cooling blanket to beat the heat. When used in a cooling bedroom system, this cooling mattress pad will drastically help reduce your body heat and help you sleep better.

- **Ideal for use in all seasons**
