STANDY

STANDY[®]

A smart stander for your well-being.

Standy by Ormesa is a standing frame for adults and teens with various levels of ability and autonomy, and it is able to ensure an excellent verticalization.

Safe, versatile, easy to adjust: it provides **stability and comfort in every situation**, thanks to a set of accessories designed to meet the particular needs of each user.

PRODUCT
MARKED **CE**

Ergonomic

Innovative and functional design

Standy is available in two sizes:
Standy 3 for teens and Standy 4 for adults.

The use of **Standy**
facilitates the physiological
verticalization of the spine,
improving head control and
horizontal gaze.

STANDY 3

STANDY 4

Designed to improve your daily life

The use of **Standy**, in addition to the benefits concerning the functionality of the osteoarticular system and the maintenance of muscle elasticity, **facilitates the use of the upper limbs** thanks to the containment secured by the supports to the knees, pelvis and trunk.

These features help to improve hand function and play an **essential role** in the implementation of **reaching skills**, making the Standy a **fundamental ally for the improvement of the upper limbs** function in everyday life.

Technical features and adjustments

Frame

no edge frame, in order to enable trunk rotation and side-arm motion. Height adjustable frame with "safety locking system".
