

**Model: 60/9557**

<b>Oxygen Flow:</b>	0.5L - 10L/min
<b>Oxygen Concentration:</b>	95.5% ± 4
<b>Output Pressure:</b>	62kPa ± 4.5kPa (8.99psi ± 0.65psi)
<b>Pressure Relief Mechanism Operational at:</b>	250kPa ± 25kPa
<b>Input Power:</b>	850VA
<b>Operation Noise Level:</b>	≤ 60dB(A)
<b>Minimum Operating Time:</b>	30 minutes
<b>Power Supply:</b>	AC220V ± 10%, 50HZ
<b>Size:</b>	445 x 372 x 690mm
<b>Weight:</b>	33kg

### Features

- Complete plastic outer shell, safe and reliable
- Timing accumulating function - show total working hours through the display screen
- Press safety valve help ensure better security
- Power failure alarming function - high pressure and low-pressure alarming function
- Compressor has heat protection feature that ensures the safety of the compressor and concentrator
