

The Smart Active and Passive Trainer for Upper and Lower Body Exercise

I-Motion®

NEW!

Combine exercise for upper and lower limbs, simultaneously.

Designed with a choice of upper, lower or total body exercising, the I-Motion is a smart, electric powered trainer that offers a drive resistant patented unit, automatically increasing resistance as you increase the speed of rotation.

Enabling combined or separated arms/legs workout, the I-Motion allows you to combine active or passive exercise for upper and lower limbs, simultaneously.

In passive mode it allows you to passively exercise lower limbs while actively exercise upper limbs and vice versa.

Advanced Technologies That Move You!

The Smart Active and Passive Trainer for Upper and Lower Body Exercise

Features:

- Maintain muscle strength and tone, flexibility, endurance and general fitness by users with various physical difficulties
- Allows stronger extremities to assist weaker ones
- Enables combined or separate active or passive workouts for upper and lower limbs, simultaneously.
- Drive resistance unit offers dynamic resistance/speed ratio
- Auto reverse feature (anti-spasm) ensures release of seized muscles in passive mode.
- Integrated transport wheels make it easy to be moved
- Control display unit features multiple program levels with bio-feedback
- Display feedback: Time, heart rate, METs/ calories, distance (miles/km), RPM, Power (watts)

Adjustable & Accessible:

- Seat assembly slides off allowing direct wheelchair access
- Wheelchair platform eases the entrance of wheelchair and provides more stability
- Easy to adjust seat height and distance
- Ergonomic design. The angle of the I-Motion body can be adjusted to provide maximum comfort for the user during exercises
- 4 positions for handgrips and footrests allowing varied radius of movement
- Parallel workout option

Technical Specifications

Trainer Body	44.5 kg / 98 lbs
Seat Assembly	19.5 kg / 43 lbs
Wheelchair Platform	11.5 kg / 25.5 lbs
Total Trainer Weight	75.5 kg / 166.5 lbs
Current Supply	110/230 VAC
Unit Size	150 cm / 59" length 74 cm / 29" width 150 cm / 59" height
