

Premium Lite Film®, RTL49

A translucent, front-print polyester film. Matt type and printable directly on the surface. It delivers an excellent color expression and high intensity of illumination effect. Brilliant advertising effect with illuminated signs. Excellently compatible with all Inkjet printers and Laser copiers. Best printable media for LED Window Display systems in Estate Agents.

Specification

Product code	Compatible printers	Total thickness	Total weight	Standard size
RTL49	Inkjet printers	140micron	170 gsm	<ul style="list-style-type: none"> • A4 & A3 sheet • Roll format • Or other sizes
	* Laser copiers			

* Refer to below compatible printer list.

How to print

	For Inkjet Printers	For Laser Copier
Print Side	<u>White Matte</u> side for both printer types	
	<p>[Note for some of Laser copiers] If the print result in White Matt side is not successful, try on Glossy & Clear side as well, few models are working better on it, such as Sharp MX3100N or Konica Minolta Bizhub C364 etc. When you print on 'Glossy' side, please don't forget to select any 'Glossy Paper' option on your printer driver setting.</p>	

Example compatible printers for Laser copiers

** All types and models of **Inkjet printers** are excellently and perfectly compatible with RTL49.

** **RTL49** is excellently compatible with below **Laser printers or copiers** and it was fully tested by R&D and for LED window display systems by our customers in Estate Agents industry too.

** Based on the field test with wide range of printers and MDF copiers, we guaranteed that our **RTL49** are fully compatible with all of Laser copier and laser printers.
