

Smart Sewing Made Simple

SAY HELLO

TO THE NEW INNOV-IS A SERIES
SEWING MACHINES BY BROTHER,
THEY'RE LIKE NOTHING YOU'VE EVER SEWN.

Innov-is
A series

BIG FEATURES AUTO SETTINGS TOO EASY

Press here to reinforce the beginning and end of seams.

Extra powerful needle penetration for thicker fabrics like denim.

Press here and the machine threads the needle for you.

Drop in a bobbin, thread in the direction of the arrow and you're ready to sew.

Press the Start/Stop button to use the machine without the foot controller.

Press the thread cutter button to snip your threads at the end of sewing. (A150 model only)

Press the Lock Stitch button to sew tie-off stitches at the beginning and end of the stitch.

Press the Needle up/down button to raise the needle or lower it. Pressing the button twice sews one stitch.

Use the slide control to adjust the sewing speed from slow to fast.

Store your machine accessories away in here.

The Good News

BUILT IN SAFETY

Innov-is A Series machines feature a safety detection sensor to avoid accidental use of the needle when changing the bobbin.

The A150 model also has a keypad button to lock the machine when it's time to change the needle or presser foot, or clean your machine.

SUPPORT AT YOUR FINGERTIPS

What's on the Brother SupportCentre App

- How to videos
- Operation Manual
- Stitch pattern chart
- Needle and thread suggestions for different fabric types

QUALITY YOU CAN COUNT ON

The Innov-is range by Brother are famous for their stitch quality and sturdy build. The Innov-is A Series machines are backed by a 5 year Brother warranty so you can sew reliably year after year.
