

ELITE SERIES Decorator Receptacle Tamper-Resistant 15A, 125VAC

Model No: 61501-TR-DB-GD-NK-SV

Description

Enerlites 61501-TR is part of our Elite Series. This premium decorator tamper-resistant receptacle has four different colored matte finish. It is perfect for homeowners who are looking to upgrade the appearance of their living and work space with a modern switch. Made with heat-resistant material and a high impact resistant body, the decorator receptacle can handle use in any location.

Features

- 15 Amp, 125VAC.
- Durable construction made of high impact-resistant polycarbonate thermoplastic cover and body for long service life. Tamper-resistant (TR) receptacles prevent unwanted objects from being inserted.
- Shallow body design fits standard junction boxes.
- Flammability UL94, V2 Rating.
- Push in wired for quick installation.
