

MODEL 63300

30A Flush Mount Power Outlet

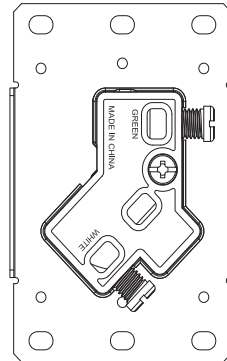

NEMA TT-30R
2 Pole, 3-Wire Grounding
30A 125 VAC, 60Hz

WARNING: Turn the POWER OFF at the circuit breaker before installing the receptacle.

Read and understand these instructions before installing. This device is intended for installation in accordance with the National Electric Code and local regulations. It is recommended that a qualified electrician performs this installation. Make sure to turn off the circuit breaker or fuse(s) and make sure power is off before wiring the device.

NOTE: for use with #10 AWG thru #4 AWG copper or copper-clad.
Tighten terminal screws to 16 in-lbs of torque.

WIRING DIRECTIONS

1. Connect the LINE wire to the Brass terminal and tighten screw
2. Connect the NEUTRAL wire to the White terminal and tighten screw
3. Connect the GREEN wire to the Green terminal and tighten screw.

WARRANTY INFORMATION

This device is warranted to be free of material and workmanship defects for 2 years from the date of purchase. Original receipt or proof of purchase from an authorized retailer must be presented upon warranty claim. ALL claims must be verified and approved by Enerlites, Inc. Warranties from other Enerlites products may vary. This warranty is nontransferable and does not cover normal wear and tear or any malfunction, failure, or defect resulting from misuse, abuse, neglect, alteration, modification, or improper installation. To the fullest extent permitted by the applicable state law, Enerlites shall not be liable to the purchaser or end user customer of Enerlites products for direct, indirect, incidental, or consequential damages even if Enerlites has been advised of the possibility of such damages. Enerlites' total liability under this or any other warranty, express or implied, is limited to repair, replacement or refund. Repair, replacement or refund are the sole and exclusive remedies for breach of warranty or any other legal theory.
