- CLEAR** Dispense 1/4 oz. to 1/8 oz. of **PRE-EXTRACTION EMULSION** into a medicine cup and mix with an I SWAB or fan brush until product reaches a whipped consistency. Apply to areas of congestion. Massage gently for 30 seconds to create an even application and then steam the skin for 2 minutes.
- After steaming, set bt-micro to CLEAR mode. Press once for low and twice for high setting.
 - Hold unit with buttons facing away from palm, applicator end down.
 - Glide with upward motions over entire area of congestion for up to two minutes.
- EXTRACT** Set bt-micro to EXFOL mode high setting. Apply fingers to side of congestion and apply bt-micro to opposite side using gentle pressure.
- Remove any excess debris or solution.
 - Wipe areas of extraction with 1-2 **CLEAR CELL SALICYLIC CLARIFYING PADS**.
- NOURISH** Combine 1 full dropper of the **I ENHANCE HYALURONIC FACIAL ENHANCER** with the **MAX™ STEM CELL SERUM** and apply to entire treated area.
- MASK** Apply **I MASK HYDROGEL SHEET MASK** of your choice. Leave on 10 minutes. (Optional: Perform arm and hand massage with **VITAL C HYDRATING HAND AND BODY LOTION**).
- Set bt-micro to SERUM mode. Press once for low and twice for high setting.
 - Hold unit with buttons facing away from palm, applicator end down.
 - Glide with upward motions over entire mask area for up to two minutes.
- Remove mask and massage any remaining essence into the skin.
- SMOOTH** Measure 1/16 oz. of the **MAX™ WRINKLE SMOOTHER** into a medicine cup and apply with an **I SWAB** to forehead and around orbital area. Perform light tapotement to activate microburst technology.
- Set bt-micro to SERUM mode. Press once for low and twice for high setting.
 - Hold unit with buttons facing away from palm, applicator end down.
 - Glide with upward motions over entire treated area for up to two minutes.
- CONTOUR** Measure 1/8 oz. of the **MAX™ STEM CELL CONTOUR CRÈME** into a medicine cup and apply with an **I SWAB** to lower portion of face, including cheeks, jawline and perioral area. Massage briefly.
- Set bt-micro to CREAM mode. Press once for low and twice for high setting.
 - Hold unit with buttons facing away from palm, applicator end down.
 - Glide with upward motions over entire treated area for up to two minutes.
- EYE** Apply **ILUMA INTENSE BRIGHTENING EYE CREME** to orbital area.
- PROTECT** Apply a generous amount of **PREVENTION+ DAILY ULTIMATE PROTECTION MOISTURIZER SPF 50** to entire treated area.
- FLAWLESS FINISH** Apply **I CONCEAL** using the **IMAGE FOUNDATION BRUSH** to create a flawless finish.
