

# MARK-15 SURFACE MOUNT AIR CLEANER

Superior quality, performance and filtration, make the Mark-15 Commercial Air Cleaner and Smoke Eater the best in the industry.

**1,000 – 1,500 CFM - 1 unit covers approximately 8,000 cubic feet. Three (3) filter system includes 12 inches of HEPA media, plus pre-filtration & carbon.**

The MARK-15 is best for cigar smoke, cigarette smoke removal, musty odors and any type of indoor air quality issue in Bingo Halls, VFW Halls, Restaurants, Bars, Smoking Lounge, Taverns, Billiard Halls, Meeting Rooms and more. Our extremely attractive, self-contained systems require very low maintenance (approximately 30 seconds per month). It is recommended that the Mark 15 Air Cleaner be installed in areas that have 10 - 12 foot ceiling heights. The Mark 15 is equipped with 4 eye bolts installed 16" on center on top of each system for easy installation. The installation hardware also includes: 4 "S" hooks, 4 eye lags and industrial hanging wire. **One (1) MARK-15 unit is recommended for every 8,000 cu. ft.**

**How does the MARK-15 work?** Three (3) Filter System Provides Excellent Clean Air Results. The MARK-15 uses a powerful blower to draw the air from smoke-filled areas. As the air is drawn through the high-efficiency filter media, 95% of the tobacco smoke particles are removed on each pass. The clean air that is constantly discharged into the area is refreshing and remarkably free of tobacco smoke and other contaminants.
