

Sprinkling Poseidon Nano Facial Mister (20ml)

User Manual

PRODUCT STRUCTURE

FEATURES

1. Best to use for face, body and hair. Helps to reduce wrinkles, moisten your skin and electrostatic hair.
2. Use this device after a hard and exhausting day for your skin, e.g. after sunbathing.
3. With the large water tank that holds up 20ml, one filling lasts you 7 full cycles.
4. Easily and fast charging by USB.

HOW TO USE

1. To charge: push the battery cover downwards in direction of the arrow. Then connect it with a USB charger. It takes around 1 hour to fully charge.
2. Unscrew the water tank and add water into it with dropper, a simple syringe or flowing water. Then put back on the water tank.
3. Push down the cover to start misting. As long as the light is blue, it has sufficient power. Once you see the light turn red, you need to charge the device.
