

Known for Reliability Since 1921

- A 60 lb. tempered, frozen meat block can be chipped in less than 60 seconds.
- Save approximately 2-1/2 lbs. of meat from each chipped meat block. No sawdust generated.
- Bloom qualities are uniform and excellent.
- No measurable chipper product loss.
- Better utilization of other cutting machinery for retail processing.
- Better utilization of man power for other productive duties.
- Reduce saw blade usage.
- Extra handling of meat sticks is eliminated.
- Planned productivity is assured.
- Quality control is maintained.
- Minimum product shrinkage occurs.
- Minimum operational heat is generated.
- Better bloom.
- Extends case life.

FBC-4800 SS
