

How To Get The Best Hearing Test

1. **Make your appointment at a local ENT (ear/nose/throat) doctor or a local Audiologist.** They have the most experience and give the best tests. Avoid chains and big box stores like Walmart. We recommend getting a recommendation from a friend or family member but your regular doctor will also know someone locally. If you need help, let us know and we will do some research for you. We usually look at [HealthGrades](#).
2. **If they say the test is free, they will not likely give you a copy.** Be sure to tell them you will want a copy of the test when you book the test. They might charge you \$100 for the test but you will be able to have a copy and buy your hearing aids anywhere you like. Most Health Insurance companies will cover the cost of test (including Medicare)
3. **Ask them to measure your "Word Recognition"** as well as the standard 'tone' and 'bone conduction' test.
4. **Our price will generally be about 1/3 of their price. If you would like to submit your hearing test to Embrace Hearing** for a recommendation, please send a copy or photo of your test to info@embracehearing.com or fax it to (917) 382-2742 and our experienced audiology team will make a recommendation as to how to best meet your hearing needs. Once we have your order and hearing test, your hearing aids will be delivered within a week and they come with a 45 day free trial period.
