PREMIUM HOME GOODS WITH A CONSCIENCE

Keystone Inspired Co. is proudly a woman-owned company founded by Britt McGaughan that specializes in handcrafting safe and sustainable home goods. We prioritize the well-being of our customers and the environment by utilizing clean, non-toxic ingredients that are free of harmful chemicals.

Our candles are thoughtfully designed to be environmentally friendly by using 100% recycled glass, labels and packaging. All woodwork is handcrafted using hardwood, then finished with linseed oil so the true beauty of the natural wood shines through.

Beyond our environmental initiatives, we believe in giving back to the community. That's why we proudly support local animal rescues in Denver, as a way of making a positive impact on the community around us.

MOUNTAIN COLLECTION

INSPIRED BY MOUNTAINSIDE LIVING

The Mountain Collection lovingly captures the peaceful beauty of nature's seasons and our innate yearning for a slower pace of life. Imagine yourself in a cozy mountain cabin, embraced by the cool, calming days, where your soul finds the ultimate comfort.

This collection's scents are soothing and earthy, reminiscent of leisurely strolls through the woods and the comforting experience of nestling with a book by a crackling fireplace. It's a gentle invitation to unwind and reconnect with the tranquility of the natural world.
