# Acacia

Acacia is a quality timber and aluminium cavity door unit system offering both style and value within residential and commercial spaces.

Ideally suited for doors that are smaller and of lighter weight, the wheel carriage facilitates a smooth slide action and incorporates a quick-release hanger system.

Acacia cavity tracks can hold a load capacity of up to 80kg. This offer is made-to-order and is available in a single or bi-parting double unit with a maximum door thickness of 44mm.

Acacia is a reliable, high performance cavity door unit system that provides a quality cost-effective solution for any setting.

## Why Choose Acacia?

- + Quick release roller campaigns
- + Door thickness 32mm – 44mm
- + Weight capacity up to 80kg
