

**Steel Stud  
Systems  
Complete Wall  
and Ceiling  
Solution**

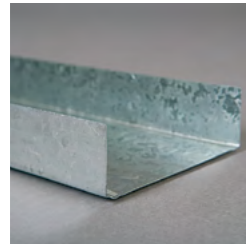

## Steel Stud Systems

Criterion Industries supplies a diverse range of premium Drywall Systems to compliment the Criterion Partitioning range.

The Criterion steel stud systems are manufactured in Australia and includes a range of various widths, lengths and material gauges from 0.5mm – 1.5mm BMT. This range of stud & track profiles offer greater span and performance and are also accompanied by a range of accessories including noggings, nogging track and bracket joining systems.
