Platinum

The Platinum Suite is our signature premium wall partition system. Incorporating aluminium glazing frames across doors and windows, this superior design heightens interior style in both commercial and residential spaces.

Platinum offers a number of design solutions, including centre, offset and double glazing aluminium frames. The suite is also available in an extensive range of colours for anodised and powder-coat finishes.

Platinum 90 features an integrated sliding system which seamlessly combines an offset glazed window and sliding door within a 100mm wall thickness. This system includes two roller types; the top roller features soft-close and low clearance options; and the bottom roller allows for doors up to 180kg.
