ONE FARRER - DEXUS FITOUT

Svelte 75 Integrated Sliding System®

SILENCIO RANGE

The Svelte Suite is a lithe partition system designed to physically divide without visually separating interior spaces. With a tiny 20mm reveal, the Svelte Suite embodies slender elegance and is the slimmest partition system available.

With a universal glazing pocket, the Svelte Suite has the smallest reveal possible to comply with the AS1288 glazing code for glass up to 12.8mm thick. The Svelte Suite features offset and double-glazing aluminium frames which can be continued to create infinite design solutions.

The Svelte Sliding Track includes the innovative features of the Arctic Sliding Track and integrates them within the Svelte system to ensure seamless flow between windows and doors.

The Svelte 75 Integrated Sliding System has undergone notable advancements in its acoustic capabilities, leading to a significant improvement in its overall performance. These enhancements have resulted in the achievement of an impressive RW36 rating, indicating an excellent sound insulation capacity.

Thanks to the upgrades made to its acoustic properties, the Svelte 75 Integrated Sliding System can now provide an even more comfortable and peaceful living or working environment by reducing external noise levels.

WHY CHOOSE SVELTE INTEGRATED SLIDING?

- + 20mm Reveal
- + Simple installation
- + Suits glass up to 12.8mm thick
- + Top hung sliding track
- + NEW automatic sliding door drop seal
