

SILENCIO

What Is Silencio?

Silencio is Criterion Industries' NEW acoustically treated and lab tested product range. The innovative collection of sliding and hinged door systems provides you with industry leading acoustic ratings, which has been rigorously tested by CSIRO.

Whether your project requires private spaces for confidential meetings or focus areas, the Silencio range has you covered! Criterion has consistently been introducing products in this category throughout 2023 and is excited to be expanding our offering in the year to come, so watch this space.

Released in 2023:

- + Silencio Platinum 90 Integrated Sliding RW37
- + Silencio Svelte 75 Integrated Sliding RW36
- + Silencio Barwon Aluminum Door UP TO RW37

UPCOMING RELEASE

LogiKal

What is LogiKal?

LogiKal is a software solution designed for aluminium doors and windows. It serves as a comprehensive software tool that streamlines and manages various aspects of the process, from initial project planning to manufacturing and installation.

Why it is useful?

LogiKal helps you create a product configuration utilising Criterion Industries systems effectively. With a sophisticated logic check during input, the programme ensures that the creation of door and window elements is simple, fast and accurate.

Launching nationally in early 2024 the implementation of LogiKal will create a more effecient and user-friendly experience for your next project! The software will contain a library of Criterion Industries products giving our customers the ability to estimate quickly and accurately.

AVAILABLE EARLY 2024

SILENCIO ACOUSTIC TIMBER DOORS

RELEASED LATE 2023

Rating Up To RW45

Criterion Industries' Silencio Acoustic timber door range have been acoustically tested in CSIRO labs in both single and double door configurations!

The new range of Silencio timber doors now feature aluminium jambs to give you flexibility on-site. This allows for a truly cohesive fitout giving you the option to powdercoat to more accurately align with the project vision.

- + RW35 Timber Door Single & Double
- + RW40 Timber Door Single & Double
- + RW45 Timber Door Single & Double

DID YOU KNOW?

Criterion also supplies fire-rated doors. As a licensed manufacturer of E-Core fire door products, Criterion's fire doors conform with AS1905 and are available in a range of sizes and finishes.

SILENCIO OVERTAKING Designed For Acoustics.

RW35

KEY FEATURES & BENEFITS

- + Doors neatly stack behind one another in closed position.
- + Acoustic Rating of RW35.
- + Automatic Sliding door drop seals.
- + Weight Capacity of 180Kg per door.
- + No exposed floor mounted door stops, guides or tracks on floor of door opening.
- + Door: Barwon Narrow Stile.
- + Soft Close Function optional.

SILENCIO NIAGARA

Designed For Acoustics.

RW36

AVAILABLE Q1 2024

KEY FEATURES & BENEFITS

+ Maximum Weight capacity of 250KG

+ Door: Barwon Narrow Stile

+ DDA Compliant: at 200KG Starting Force: 15.2Nm. Operating Force: 14.9Nm

+ Surface Mounted system

+ Acoustic Rating of RW36

+ Soft Close Function - Optional

+ Automatic Sliding Door Drop Seal

CELTIC CAVITY Released Q4 2023

- + Door widths reaching up to 2400mm, and heights of up to 3000mm.
- + Aluminium construction, allowing it to thrive in wet areas.
- + Plastic T-guide designed to ensure a seamless and straightforward installation process.
- + New butt joint section design, installation quick and easy right on-site.
- + Closing jamb connects with Platinum & Definium Partition Suites for seamless integration.

*Features and benefits that apply to both systems

SILENCIO CELTIC CAVITY Designed For Acoustics.

RW33

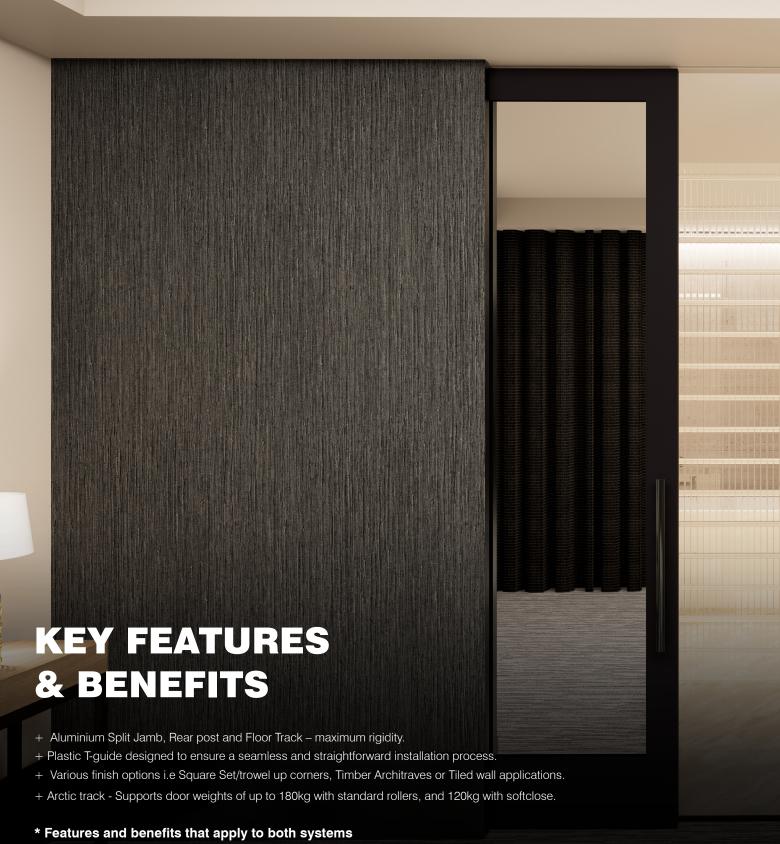

Y FEATURES & BENEFITS

+ Single Cavity: RW33

+ Tested With Narrow Stile Barwon Door

*Features and benfits that only apply to the Sllencio

CASPIAN CAVITY Released Q4 2023.

SILENCIO CASPIAN CAVITY Designed For Acoustics.

Rating Up To RW42

SILENCIO DOUBLE DOORS Designed For Acoustics.

RW42

KEY FEATURES & BENEFITS

- + Superior acoustic performance RW42
- Heavy Duty interfold hinge and pivot hinge options available
- In-house manufacturing including machining for door hardware and furniture.
- + Integrates with Criterion's 90 series partition systems
- + Door width of 990mm required for DDA compliance
- + Maximum door width: 1000mm
