Svelte 75

Overview

The Svelte Suite is a lithe partition system designed to physically divide without visually separating interior spaces. With a tiny 20mm reveal on the vertical and the horizontal, the Svelte Suite embodies slender elegance and is the slimmest partition system available.

The Svelte Suite will visually blend with the foundations of any design to create a seamlessly expansive space. Characterise a contemporary space by creating a sense of unimpeded openness with the new Svelte Partition System.

With a universal glazing pocket, the Svelte Suite has the smallest reveal possible to comply with the AS1288 glazing code for glass up to 12.8mm thick. The Svelte Suite features offset and double-glazing aluminium frames which can be continued to create infinite design solutions.

Features of Svelte 75

- Slimline 20 mm reveal
- Stocked in mill finish
- Available in a wide range of powder coated colours
- Universal glazing pocket to suit glass up to 12.8 mm thick
- Slimline, offset single and double glazing
- Floor-mounted and top hung Svelte sliding track
- Suits timber or aluminium doors
- Single glaze partition - acoustic RW 38
- Double glaze partition - acoustic RW 48
- Hinged door - acoustic up to RW 37
- Sliding door - acoustic up to RW 36
