Timber Doors

Our wide range of stylish, durable doors and accessories have been designed to complement a range of supplementary Criterion solutions. Attention to detail combined with stringent insistence on quality to ensure long timber door collection suits a variety of applications throughout commercial and residential spaces. Our timber doors are stocked in a variety of sizes and designed to complement the sliding system range and hinged doors.

Timber doors offer a pre-glazed option and cut outs to suit OptiLite® and Vent Flow, which can both reduce and simplify the installation process. We also offer additional services including machining for hardware, specialised cladding and veneers.

Designed and customised to suit a range of project requirements, Criterion timber doors deliver continuous performance in high traffic commercial spaces and also provide a touch of modern interior styling.

WHY CHOOSE TIMBER DOORS?

- + A wide range of options stocked and ready for quick delivery
- + Fast turnaround time for custom doors
- + In-house machining to suit associated hardware and seals
- + Acoustic Rating:

NEW EDGE STRIP

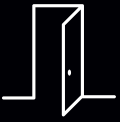

ALUMINIUM WIPER EDGE STRIP

Criterion's NEW Aluminum Wiper Edge Strip creates a protective aluminium detail to the edge of 38mm sliding timber doors, while reducing the leakage of light and sound from one room to another.

Designed to integrate with Arctic Low Clearance Roller System, this unique edge strip not only provides protection, it also allows for easy installation of a Schlegel seal onto a 38mm sliding timber door.

-
- + Available in a range of powdercoat & anodised finishes
 - + In-house preparation and machining on timber door
 - + Quick turnaround time for stock and custom doors

WHISPER SERIES

WHISPER SERIES TIMBER DOOR

Reduce the transfer of sound between commercial or residential spaces with Criterion's Acoustic Timber Door.

At 44mm thick, this door features Criterion's proprietary Whisperblock and will provide a classic aesthetic to any commercial or residential space.
