Testimonials

We think we're pretty great, but you won't just hear it from us!

What an amazing experience having The Works host our company's women's social event. From the early planning stages to the last minute details, the team at The Works was beyond accommodating and constantly in communication to make sure our event was a success. Thank you so much to The Works for providing exceptional service.

Exxel Pacific

The Works was an organized and easy way for us to plan an event to get together, and as a women's group at our firm we loved supporting a local female founded company. They were super responsive and helped us create something custom that would work for our group during these strange times. Our instructor was knowledgeable, patient, and fun! We all went home with something we actually liked and wanted to display. Would recommend for any team bonding activity!

Cooley Law Firm

The holiday wreath-making event, hosted by The Works, was one of the best team-bonding events we have hosted all year. Folks loved being able to choose their own greenery and embellishments, get creative with a craft they would probably never attempt on their own, and get hands-on help from The Works experts in our midst! Plus - THE SMELL - it was a magical holiday forest vibe that got everyone into a festive spirit. The energy in the room, the laughter, and the smiles said it all; we had an absolute blast. Everything about the process - from booking to arrival and clean up - was a breeze with The Works team, and we look forward to working with them again for future events. Thank you to The Works for such a festive, fabulous holiday experience!
