Karen Kiefer is the author of the best-selling children's book, "Drawing God." The book inspired the annual World Drawing God Day, which sparked a global drawing God movement. "Where and how do you see God?" Karen asks, calling our world to wonder and draw closer to God by sharing God's love through our own creative gifts. The sequel, "Growing God" will be published just in time for HOLY WEEK 2024. As the director of Boston College's Church in the 21st Century Center, Karen infuses Ignatian spirituality in her work and in everything she does. Her presentations are about wonder, imagination, creativity, storytelling, and living a contagious faith. She loves to speak to children, teens, young adults, parents, and teachers.
