FOR IMMEDIATE RELEASE**

EZ Dupe introduces the Xtreme USB Duplicator Series

January 8, 2019 – EZ Dupe is glad to announce the release of the Xtreme USB Duplicator Series at the Consumer Electronics Show (CES) 2019. In addition to retaining features from preceding generations, this next generation of USB duplicators is designed to be more compatible with USB flash drives, accepting almost any USB flash drive brand on the market and supporting USB connected external hard drive or solid state drive. The Xtreme Series comes with EZ Dupe’s standard copy speed of 2GB/min and features advanced asynchronous duplication, designed to reduce waiting and interruptions; each port can independently load, unload, and copy. The duplicators also feature twice the amount of USB ports on each deck allowing for more copies while maintaining a conveniently compact design.

Features:

- Standalone, no PC required
- More compatible with USB flash drives
- Supports USB external hard drive
- Supports Quick Copy and Full Copy
- Works as eraser as well
- Provides USB Information

About EZ Dupe

EZ Dupe has been a pioneer in developing and manufacturing EZ Dupe CD/DVD/USB/Flash Memory/HDD duplication systems and portable duplication technologies since 1995. EZ Dupe provides a three-year limited warranty (one-year warranty for certain products and market) on most of the duplication systems and proudly assembles and tests all products in City of Industry, California.
