Dear Shop for your Charity ,

“Having Tanja by my side has taken a lot of pressure off. No question was too stupid or difficult. Sometimes it was that one piece of advice that would lift my spirits enough to get through the day.”

Cancer patient Elaine talking about Cancer Society nurse Tanja

Shop for your Charity, you are amazing!

You’ve just made sure Kiwis living with cancer don’t have to walk this journey alone.

And that’s so crucial right now in the midst of Covid-19.

In these difficult times cancer patients still need to get to treatment. As Covid-19 adds extra stress and worry, they still need advice, care and help from our specialist nurses. Cancer patients still need support from our psychology team and a safe place to stay when having treatment far from home.

They need to know they’re not alone. Today Mich, you’ve helped make that happen.

For cancer patients like Elaine, Covid-19 adds an extra layer of stress as they worry about their health and how their families will cope. When Elaine heard the words ‘you have cancer’ her first thought was for her daughters. **“Ever since my husband passed away, it’s just been me and my girls. What if something happened to me? Who would take care of them?”**

Thanks to supporters like you, we were able to stand alongside Elaine throughout her whole journey and recovery. One of our specialist nurses, Tanja, visited Elaine and gave her the ongoing advice and support she needed. **“None of it was easy, but through it all Tanja was just a phone call away.”**

1 in 3 New Zealanders are affected by cancer. 63 New Zealanders will be diagnosed with cancer today. The same number will be diagnosed tomorrow and every day that we face the impact of Covid-19.

As cancer patients go through this incredibly difficult time, the impact of your support can't be underestimated.

I am so very grateful for your support right now. Thank you again so much.

Warmest regards
