12 October 2020

Dear Shop For Your Charity,

On behalf of Multiple Sclerosis New Zealand, and the people affected by MS across the country that we work to support, **THANK YOU** for your generous donation of \$5.00 .

As a not-for-profit organisation that must fundraise 90% of our annual income, we are extremely grateful for your on-going support, donations and encouragement of our work.

Your gift will go a long way in helping us with research and advocacy for people with MS in New Zealand to have access to first world treatment, resources and services to improve their well-being and quality of life which we hope will in turn reduce the burden of MS on those diagnosed, their carers and families.

As you may know, MS doesn't just affect the person diagnosed but also their partners, children, wider family and friends, colleagues and carers. Your support of our work will have a wide impact.

Thank you again on behalf of all those affected by MS in New Zealand.

This letter is your official receipt for your donation. If you would like to hear more about Multiple Sclerosis and the work we do, please sign up to receive our [MS Voice](#) newsletter or contact us using the details below.

Yours gratefully

Amanda Rose
National Manager
