TOP FEATURES

E2ES

The edge to edge field flattening system removes distortion on the outermost edge of the field of view, producing sharper and clearer images from one edge of the lens to the other.

UHD GLASS

Extra low dispersion glass gives you an advantage with an image that has little or no chromatic fringe for the ultimate clearest and sharpest image

XPL PROTECTIVE COATING

A protective coating that gives you extra protection on the exterior lenses to prevent the scope from enduring dirt, oil, and potential scratches.
