

PRODUCT	MODEL	SKU#
MIDAS CARBON FIBER TRIPOD	CF32	706007

IDEAL APPLICATION

LONG
RANGE

HUNTING

BIRD
WATCHING

GENERAL
NATURE

TOP FEATURES

10-LAYER CARBON FIBER

Providing a significant increase in rigidity and damping compared to aluminum, 10 layers of carbon fiber decreases weight while increasing stability.

MULTI-AXIS LEVELING

Two circular bubble levels create a solid foundation and linear fluid pan capability through multi-axis leveling of the tripod and ball head.

MULTI-TERRAIN CONFIGURABLE

Rubber feet hold firm for everyday use when positioned properly. The included spiked feet add additional stability on soft surfaces such as dirt and snow.
