Dear Friend,

Welcome to The Esrog Headquarters!

If you are a Synagogue, Hebrew day School, Judaica store, JCC, Hillel House or any other type of Jewish organization, I am sure you have heard of *The Esrog Headquarters*. We have been supplying the public with high quality arba minim for over 35 years. We are your one stop shop for all of your Sukkos needs. We carry all types of esrogim and lulavim, in several different price categories. We carry esrogim with a pitom as well as esogim (naturally grown) without a pitom. All our sets come fully assembled with the lulav rings and the holder already bound up so there is no extra work on your part. We also carry a full line of Deri Lulavim. We have all different types of hadasim (myrtle) as well as fresh aravos (willow). All of our sets are under strict rabbinical authority. What makes us different than another vendor is that we offer FREE pitom insurance on every esrog and lulav set. If for some reason your sets become invalid we will replace it for free.

We also carry our own in-house brand of Sukkahs. Our exclusive sukkah- The Klick Sukkah Deluxe is 7' 1/2 tall and comes in 9 sizes. We also manufacture the new and improved Klick Sukkah Portable. It comes in two sizes 40" x 40" and 4' x 6'. We also stock a wide range of Bamboo Mats. We have the Deluxe and Mehadrin mats in several different sizes to suit all your needs.

Remember Sukkos starts Sunday night, October 9th, 2022. Please call us for details at 800-550-7230. We are here to make your Sukkos Holiday go smooth and easily. Call a name that has been trusted for over 30 years with the most satisfied references. And before long, you will be a satisfied reference too. I wish you a happy and healthy summer and look forward to serving you personally.

Shmittah Update

Shmittah Update: As you may be aware this year in the Hebrew calendar is the year of Shmittah (Sabbatical Year.) It is a time when Jewish Israeli farmers let their fields rest. If you prefer not to use an esrog that was grown in Israel due to Shmittah restrictions, please let us know. Rest assured if you do use an esrog from Israel, it will be imported under strict Rabbinical authority and will adhere to all shmittah restrictions.

FREE PITOM INSURANCE

We are offering free pitom insurance. As you all know if the pitom is broken off, it renders the esrog unfit for use. We are offering free insurance on your esrog. Unfortunately, this does happen. Someone leans over to admire your magnificent esrog from *The Esrog Headquarters*, or a curious child wants a better look and.....accidents happen. With our free pitom insurance there is one less thing you have to worry about. Please call for details.

GOOD THINGS COME IN DAMAGE-PROOF PACKAGES

A damaged esrog is a useless esrog. The same is true for the lulav, hadassim and aravos.

on

With a defect, any member of the Arba Minim—especially the esrog—can become invalid for use by halachah, Jewish law. Which is exactly why, when it comes to the Arba Minim, "handle with care" takes a whole new meaning. And that's exactly why *The Esrog Headquarters* takes shipping your Arba Minim to you with the utmost caution and attention to detail.

Your "Four Species" purchase will be delicately and painstakingly packed in several layers of shock and damage-proof packaging, ensuring not only that it is well protected from any impact, but also protected against drops. With each shipping package prominently labeled "This side up," "Do not drop or throw" and, most critically, "HANDLE WITH CARE," *The Esrog Headquarters* makes shippers part of our handling delivery crew, too. And all of that care pays off, with virtually every Esrog Headquarters delivery arriving in pristine condition.
