

ART OF THE MASTERS PROGRAM

PRESENTS THE LIFE & WORK OF

PABLO PICASSO

> Pablo Picasso is regarded by many to be the most important artist of the 20th century. A long-lived and highly prolific artist, he experimented with a wide range of media and styles throughout his 80 year career. Each painting style seemed to correspond with different relationships in his personal life. Throughout his life, Picasso seemed to feed off his partners emotions good or bad to create his artwork. At the end, he produced over 14,000 paintings. Today, the total value of his work has exceeded 1 billion dollars.

> During our hands-on session, students will choose from several Picasso-like sketches. Together, we will explore the use of color using gouache paints on watercolor paper. At the end, each participant will have their own artistic 2017 New Years Cards to send out to family and friends. What a great way to start the New Year!
