PRESENTS THE LIFE & WORK OF*

NORMAN ROCKWELL

> Please join us in exploring the life and works of America's most beloved illustrator of the 20th century, **Norman Rockwell**. This artist is renowned for his depictions of daily life in small town America — a world populated by Boy Scouts, mothers & fathers, children & grandparents. Decade by decade, Rockwell's paintings recorded the American life. Together with him, America saw the introduction of radio, television, automobile, airplane travel & even flight to the moon.

> During our hands on session, students will have the opportunity to choose from five (5) Rockwell charcoals. Using watercolors, individuals will explore these drawings and bring them to life their own way. At the end, all paintings will be framed. *Please join us for this fun and exciting Art experience!*
