*PRESENTS THE LIFE & WORK OF*

# John Singer Sargent

› John Singer Sargent was the most desirable portrait painter of his time. During the late 1800s, Sargent was in demand by the most powerful & wealthiest people in the world. He never truly belonged to any one place. In Paris, he was known as the expatriate American. In London, the radical French Painter & in America, the sophisticated European artist. He was an international superstar in the world of art but after his death, he was labeled a simple portrait painter and was forgotten about.

› During our hands-on session, participants will have the opportunity to create a group portrait of one of the most beloved actors of all time. After the unveiling, we will sign the painting together and frame it for all to enjoy. Please come join us for this fun and unique art experience. See you soon!
