# |anegee®

Founded over 40 years ago by our CEO, Jane Gee, Nutritional Skincare has been at the core of our practice. Our commitment to your well-being shapes everything we do.

When it comes to your health, you can't separate what you put in your body, around your body, and on your body from one another.

That is exactly why our holistic practitioners treat the skin from the inside out. The skin has a language and it provides a window into the digestive system. Once you learn the language, you will have the confidence to manage your skin. Our team focuses on fixing the underlying issues, instead of searching for quick fixes.

Only YOU have the power to make changes in your life. Our team is here as a resource to support your journey to a healthy mind, body, and spirit.

We work with nature, not against it. We are committed to using botanical ingredients our body can understand and process rather than synthetic chemicals. When you take care of your body, your skin can look youthful, healthy, and vibrant for years to come.

Natural is how we are meant to be.

# nutritional skincare

Many skin conditions can be linked to a lack of critical nutrients, hormonal imbalances, and diet choices. We believe when given the right tools, your body can do miraculous things. Our bodies inherently are self-healing. Focusing on healthy eating, maintaining balance in your life, lowering your toxic load, and being aware of your mindset can set you on a path of longevity and health.
