Visit a maze

Looking for the maze nearest you? Zoom in on our map for a closer look at our 260+ locations

Featured in:

After introducing the "maze craze" to Utah and the western United States in 1996, The MAiZE Inc. has grown into the world's largest cornfield maze consulting/design company. Now, 20 years and nearly 3,000 corn mazes later, we've seen millions of people get lost in the mazes we've designed for farmers around the world. Whether you're looking to visit a maze or need help in creating one of your own, we hope you'll explore our site to learn more about our services and 280+ current maze locations ... where getting lost is all about finding fun!
