**UTAH'S ORIGINAL CORN MAZE CELEBRATES ITS 20<sup>TH</sup> BIRTHDAY,  
WITH THE HELP OF FAN-FAVORITE MINIONS**

**LEHI, Utah — September 29, 2015** —Cornbelly's is inviting Utahns to join in a very special birthday celebration when the state's original corn maze celebrates its 20<sup>th</sup> season from October 2-31 at Thanksgiving Point. Featuring a new design each year, this year's maze celebrates a birthday theme with the help of a few lovable characters that hit movie screens this summer...the Minions.

Tying in with the maze design will be a number of Minion and birthday-themed festivities, including: a Minion-themed game in the maze, character appearances, special photo opps & costume contests, outdoor showings of the movie, free birthday cake on opening day for first 250 people, free admission during opening weekend for anyone celebrating their 20<sup>th</sup> birthday or anniversary in October, and more.

*"This year is very special because we are celebrating 20 years since we first introduced corn mazes to Utah," said Brett Herbst, maze creator. "Though we've since gone on to create nearly 3,000 mazes in the last two decades for farms all over the world, it all began here in Utah and we want to thank our fans and make them the center of an extra-fun celebration this year."*

Along with the Minion-themed maze, visitors can enjoy Insanity Point haunted attractions, a pumpkin patch and more than 40 other fall attractions. There are several new additions this year, including: monkey and trick dog shows, apple blasters, farm golf, a zipline, life-size pool and foosball, and more.

Special discounts and operating times are available for school field trips, scouts, corporate teambuilding and group outings. For the general public, Cornbelly's will operate Oct. 2-31 from 4-9 p.m. Monday-Thursday and 10 a.m. to 11 p.m. on Friday, Saturday and UEA days. It is closed Sundays. For more information, call 801-794-FARM (3276) or visit [www.cornbellys.com](http://www.cornbellys.com).

Cornbelly's is Brett Herbst's flagship maze that he and his family personally operate, but is one of only 260+ that he and his team have designed this year for farms in four countries around the world. His company, The MAiZE Inc., was founded in 1996 and is now the world's largest corn maze & agritainment consulting company. Five of the currently-operating mazes that Herbst's team have designed are in Utah. Along with his Lehi location, others include: Logan, Syracuse, Bluebell, and Washington. For more information about The MAiZE, visit [www.themaize.com](http://www.themaize.com).
