Sandra Kendell

We share our Australian home with an amazing variety of native animals but some of them are in danger of disappearing forever.

What would it be like if we were the only ones left?

**Author:**

Sarah Kendell is a visual artist who has a great affinity with the Australian environment. Her first book *Quoll* explored the plight of the Quoll and sold over 6000 copies in Australia. Sandra grew up on a farm with a bush block at the back where she first encountered some of the animals in this story. Camping holidays further developed a love of native animals and environment. She now lives in the Northern Territory and her favourite thing is 'going bush' with her partner and two daughters.

- Great for the educational market as it has information on the animals and plants featured in the book.
- Good introduction to non-fiction text for young children.
- Suitable for lower and middle primary.
- Visually stunning
