## Introduction

### CYCLOC

#### Store your bike with style

Cycloc's unique ability to carefully combine considered thought with a twist of poetic spirit to create a range of simple, playful and practical products has earned it global recognition with numerous awards and accolades.

Founded in 2006, Cycloc operates from their design studio in London's creative East End and a manufacturing facility in the UK. A team of skilled and enthusiastic distributors and retailers provide support globally.

### LOOP

#### Helmet and accessory storage

- Versatile storage for the home or office.
- Simple to install. Invisible wall plate mounting and fixings included.
- Ideal for use in conjunction with Solo, Endo and Hero cycle storage products.

Dimensions (in mm)

Setting-out suggestions (in mm)

\* indicative only, please check with your accessories.

Suggested applications

Town

Road

Mountain

Suggested applications

Endo

Solo

## Installation

1. Please read these installation instructions thoroughly before commencing installation.
2. The Cycloc products were designed for use on a wall structure in good condition and suitably robust to carry the weight of the bike(s) to be hung from it. It is your responsibility to ensure that the product is installed on a suitable surface.
3. It should be noted that the maximum weights specified in the product guidance are static bike weights and do not allow for any dynamic loading, and are provided for guidance purposes only.
4. Sufficient expertise is required for the correct and safe installation of this product. It is your responsibility to ensure that the installer has a satisfactory working knowledge of the equipment required to achieve a robust and secure installation of the product, including the power tools and mechanical wall plug anchors to be used, and has the knowledge and skills required to determine whether the wall structure is suitable to carry the relevant weight.
5. If any of the above requirements are not complied with when installing the product, neither Cycloc nor Andrew Lang Product Design Ltd shall be liable or otherwise responsible for any damage to goods or injuries sustained because of the incorrect or inappropriate installation of Cycloc products.
6. For more information on product liability and the consequences of incorrect installation of Cycloc products, please refer to our Terms and Conditions, available at <https://cycloc.com/ps/content/3-terms-and-conditions>.
