CRs Take

This affordable foam mattress sold by Costco performs strongly on many counts. Back sleepers, in particular, will experience superb support. Most side sleepers do almost as well. Only large and tall side sleepers may find the support just so-so. In CR's tests, stability was rated merely Good, though, and the mattress didn't allow for easy shifts in position.

About

The Novaform Serafina Pearl (Costco) is part of the Mattress test program at Consumer Reports. In our lab tests, Mattress models like the Serafina Pearl (Costco) are rated on multiple criteria, such as those listed below.

Petite side sleeper: Sleepers small in both height and weight.

Average side sleeper: An average of both the petite and large scores that applies to many people.

Large/Tall side sleeper: Side sleepers who are above 6 ft 2 inches tall and/or 220 pounds.
