FUROSHIKI ECO-FRIENDLY FABRIC WRAP

Furoshiki wrapping is a traditional Japanese method of using a single piece of fabric to wrap gifts and to carry essentials. It has become increasingly popular around the world, for its versatility and eco-friendly nature. KADOO mission is to help spread awareness on reducing paper waste and promote reusability by adopting Furoshiki fabric linen to wrap our gift boxes. **Our fabric wraps can be customized to meet your needs. You can add a printed pattern or a logo.** Contact us to get more information. Minimums may apply.

OUR COMMITMENT TO THE ENVIRONMENT

A central focus of KADOO is to raise awareness of sustainability, with all products wrapped in reusable fabric and packaging boxes made in the US from recyclable materials. With the current climate crisis, we all can help by opting for sustainable and eco-friendly products.

KADOO SIGNATURE BOXES

Our boxes are made in the U.S.A. using post-consumer recyclable paper and printed with vegetable based inks. According to Stanford University, if every American wrapped just three presents using recyclable materials, the equivalent of 45,000 football pitches of paper would be saved. Every little efforts can go a long way!

REUSABLE FUROSHIKI WRAP

Furoshiki wrapping is a traditional Japanese method of using a single piece of fabric to wrap gifts and to carry essentials. It has become increasingly popular around the world, for its versatility and eco-friendly nature. Furoshiki has since transformed the art of gift-giving making it more personal and special.

KADOO X ONE TREE PLANTED

We care deeply about the planet and creating a business that gives back to nature. We are honored to have reforestation through One Tree Planted as an integral part of our business model. For each gift purchased from our site we will donate one tree to be planted.

I had a wonderful experience ordering corporate gifts with KADOO! Our project was not the easiest, given we were shipping out to international recipients but the folks at KADOO were well-versed with how to ship to different countries; what would pass customs / what wouldn't. The entire presentation of the box from the furoshiki wrap to the custom tags to the thoughtfully-curated contents really wow-ed my team members. I would highly recommend KADOO for gifting needs!

ELLEN B., PINTEREST

KADOO made sending holiday gifts a fun and easy process. They had the right gift packages for each person and they all arrived beautifully wrapped. The beautiful presentation, the selection of luxurious and premium delicious treats and the service all made this a great experience. We got great responses and big thank you. Our clients felt that this showed not only thought, but also that we had taken time to find the right gift for them. We love working with KADOO team and highly recommend them.

BILL M., GALISON/MUDPUPPY

What a great experience! The team at Kadoo went above and beyond to ensure everything was perfect! They pulled together a bespoke gift package for several clients I was hosting from Japan. During the process they took the time to understand my requirements and the attention to detail was amazing. They were extremely responsive and even took the time to meet me in the city to deliver the gifts. Wow! Can't wait to work with them again!!
