

## WORTLEY BARRIER PLUS - MOISTURE BARRIER PROTECTION

Barrier Plus is a fabric process that ensures that liquid stains cannot pass through the fabric and into the cushion.

Applied to the back of the fabric, this barrier is safe, environmentally and user friendly. For additional protection, we also include a Stain Resistant formulation on the surface to make spills easier to remove.

Barrier Plus has fire retardant and antimicrobial additives included in the formulation, ensuring its suitability for a diverse range of applications, where liquid protection and easy clean characteristics are important.

### Benefits:

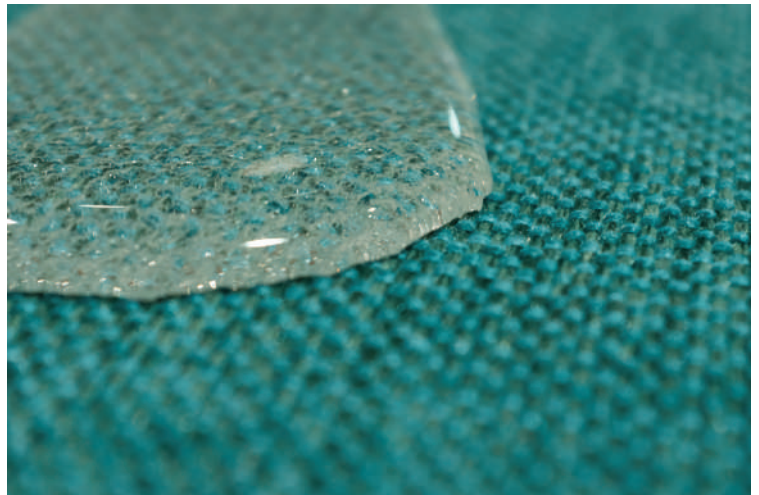

- Enhances fabric performance
- Rated for Heavy Commercial applications where a stain resistant moisture barrier is required.
- Applied in Australia, ensuring fast and flexible service
- Safe
- Cost Effective
- Odour Free
- Anti Bacterial
- Anti Microbial
- Anti Fungal
- Fire Retardant additives included
- Two Year Commercial Warranty

### Cost:

\$15 per mt, plus 10% GST (fabric is additional).

#### **Please Note:**

There is a 10 mt minimum  
Barrier Plus is unavailable to apply on higher pile fabrics including velvet.
